Re: TPH Soil Remediation and Investigation Activities,  
Topsham Annex, Topsham, Maine

Dear Mr. Monaco:

MEDEP has reviewed the final Workplan (R1) for TPH Soil Remediation and Investigation Activities, Topsham Annex (Remedial Action Contract No. N62472-99-D-0032), dated July 19, 2006, and the Potential Contaminants of Concern and PRGs tables (red line strikeout version) emailed from Eric Hinkle of Tetra Tech ECI on August 17, 2006. Based on that review MEDEP has no further comments on the workplan provided that the final Potential Contaminants of Concern and PRG tables (revised) are submitted to MEDEP and are incorporated into the final Workplan referenced above.

MEDEP is looking forward to the remediation of the contaminated soil and the investigation activities at Topsham Annex, Topsham, Maine. Please contact me at (207) 287-7713 or [claudia.b.sait@maine.gov](mailto:claudia.b.sait@maine.gov), if you have any questions or comments.

Respectfully,

Claudia Sait  
Project Manager-Federal Facilities  
Bureau of Remediation & Waste Management
